From the owner: D'MAZ Lifestyle Salon has been a Northeast, Ohio staple since first opening over 15 years ago in the Chagrin Blvd Beachwood area. Starting as full service hair, spa & wellness salon in 2001, D'MAZ Lifestyle Salon was transformed into a personal, private studio hair salon in 2004.

D'MAZ Lifestyle Salon prides itself on being different! Walk into a healthier, relaxing hair salon with a contemporary décor, beautiful wood flooring, REAL air filtering plants & a medical certified HEPA air cleaner system that helps to promote physical and mental wellness, reduce stress and increase relaxation. Large windows dominate one entire wall of the salon offering lots of natural lighting and an amazing view from the 5th floor while receiving your services. Enjoy a variety of teas, bottled spring water, healthy treats, popular magazines or the small wellness library!

Committed to excellence and sensitive to the client's needs, owner, Denise Zingale Travis, a hairdresser for 33 years, offers a singular and consistent hair care experience every time in an unparalleled atmosphere providing the opportunity for relaxation and well-being.

"I invite you to experience the latest in wearable trends, treatments and technology where new things in hairdressing are not about drastically changing hair, but about helping YOU look and feel the best you can." ~ Denise Zingale Travis

Tips from Voters

- 

Can visualize best colors for her customers!

Denise is absolutely the greatest stylist. She is very knowledgeable what style will look best and really knows how to cut curly hair. She is tops in my book.

The owner gives 100% attention to the client and is quite knowledgable in hair education and is master colorist. Furthermore she can tie health and hair health in the same conversation! If you are a person who desires privacy while getting their hair done, visit her; she can give that to you. I also know she has done wonderful work with patients undergoing radiotherapy for cancer. An excellent person who cares.
